

Sid Quinsaat (they/them)

[Github](#) | [LinkedIn](#) | [Portfolio](#) | sgquin@gmail.com | (832) 495-9480

I have been teaching myself programming for a year, and will soon graduate from UC Berkeley's Web Development Bootcamp. I enjoy solving complex problems, learning new skills, and building unique tools that others can use. I am curious, tenacious, and meticulous.

Projects

adventureQuest - [app](#) | [repo](#)

node, MySQL, express, handlebars

A full stack fantasy game experience. Users can log in as a Questmaster, where they can create Adventurers and Quests. Once selected, the Adventurer goes on the quest, and slays (or is slain by) the beast.

techToday - [app](#) | [repo](#)

node, MySQL, express, HTML/CSS, bootstrap

My first full stack application that allows users to create an account to post about tech topics. Users can edit and delete their own posts, and read and comment on posts from other users.

weatherDashboard - [app](#) | [repo](#)

jQuery, moment.js, OpenWeather API, HTML/CSS

I created a weather dashboard that fetches real time data from the Openweather API, giving current conditions, and a 5 day forecast, all dynamically populated to the page.

Work Experience

Bay Area Schools

SF Bay Area — *Music Educator and Choral Conductor*
2014 - 2020

Education

UC Berkeley Extension

Berkeley, CA — *Full Stack Web Development Bootcamp*

University of Michigan

Ann Arbor, MI — *Choral Music Education*

Programming Skills

Languages

Javascript, Ruby, Lua, Python

Development

MERN Stack, HTML/CSS/jQuery,

Version Control

Git

Familiar With

Tailwind, Materialize, Ruby on Rails, qmk

Other Skills

Social

Team leadership, Restorative Justice circle facilitation, Mindfulness meditation facilitation, Conflict resolution

Misc.

Singing, Piano, Choral Conducting, Reading/writing musical notation, Live sound, Emceeing, Bike maintenance, Chess, Climbing

Languages
